# 200 Soldier-Students to Arrive Sunday

## Sign Up Being Conducted For Food Production During Year '43

### Shortage of Labor, Farm Machinery Great Handicap For Carrying Out Plan

Shortage in farm labor and machinery loomed as the principal limiting factor in production of food in Randall county for this year as the sign up of farm plan sheets were tabulated in the county USDA office. Another obstacle to maximum production which was listed as No. 1 by many farmers is the one of transportation shortage. The need for farm pick-up trucks being the most critical need of all on several farms.

Despite the labor and equipment shortage, however, reports indicate county quotas of war crops will be met in this year's program.

The principal war crop for Randall county is grain sorghum. The county goal of 60,219 acres is equivalent to about 18½ per cent of the cropland of the county. The goal for each farm will be set by the county committee as soon as the plan sheet sign-up is completed. The farm operators request is the first factor considered by the committee in setting up the individual farm goal.

Incentive payments are to be made on the grain sorghum acreage on all farms where 90 per cent or more of the allotted acreage is grown. The payment of $8.00 per acre will be calculated on the acreage above 90% to 110% of the allotted acreage.

The sign-up has been under way in the county office for the past week. Farm committeemen have been on duty each day for the purpose of assisting farmers in working out plan sheets.

One committeeman will be on duty each day this week to assist those who could not come in during the week of the regular sign-up. Every farmer who has not executed his 1943 plan sheet is urged to do so before the end of this week. The county committee desires to have all requests in for grain sorghum acreage before setting up individual farm goals. This is important for the reason that a deduction in payments will be made for each acre that a farm falls below 90% of the individual farm goal. If a goal is set too low for a farm it would have the effect of lowering the possible payment for the year.

Farmers will be notified of farm goals as soon as possible after the totals for the county are completed.

## Rev. R. W. Jones Installed Pastor of Local Church

REV. ROBT. W. JONES

Rev. Robt. W. Jones was installed as pastor of the Presbyterian Church Tuesday night in an impressive service.

Visitors were welcomed by C. R. Burrow. Visiting pastors were: Dr. R. Thomsen of Amarillo; Rev. Russell Wingert of Tulia; Rev. John W. Myrose of McLean; Rev. James Aikin of Hereford. Local ministers who participated were Rev. C. N. Wylie and Rev. J. R. Sharp.

## Car Licenses Must Be On By First of April

Sale of 1943 car license plates increased considerably this week. The sale has been very slow up to the end of the week when car owners realized that the new plates must be on their cars by April 1.

The new license plates are small affairs, 1x4 inches, and are attached to the 1942 license plates. This small design was made in order to conserve valuable metal.

Car owners are urged to get their new license plates as soon as possible and have them attached by April 1. It is unlawful to drive a car after April 1 which does not have the new plates.

## *Church Women Meet World Day Prayer*

The Council of Church Women met at the Presbyterian Church. The program was on the World Day of Prayer. The collection amounted to $18.00 which will be used as follows: Christian Literature, Indian Students in the United States Government schools, Migrant Work and Union Christian Colleges.

The next meeting will be the May Day Luncheon, May 6, at the Christian Church.

## Only Half As Many Paying to Red Cross Fund

Subscriptions to the Red Cross are coming in very well, stated T. V. Reeves yesterday. However, only about half of the people who made contributions last year have made their contributions for the 1943 call.

Contributions of the school children and the Home Demonstration Clubs are greatly appreciated, stated Mr. Reeves. He hopes that all who have not made their contributions will do so at once.

**REPORTED AT CAMP**

Lt. and Mrs. Alwyn Williams left for Camp Van Dorn, Miss., last Friday night. They went by way of Palestine and Houston to visit Lt. Williams' family before going on to Camp Van Dorn. They arrived in Mississippi, Tuesday, the 16th.

**SUTTON TRANSFERRED**

Pvt. Charlie C. Sutton has been transferred from the Dalhart Army Air Base to the new Transition Flying School at Dodge City, Kans. He is the son of Chas. Sutton, living in the southeast part of the county.

**NICKELSON IS DISCHARGED**

Bobby Thos. Nickelson has been discharged from the army because of his eyes. He was stationed at Mineral Wells.

## J. D. Watts Will Receive Wings on March 20th

Miss Connie Watts, accompanied Mrs. James D. Watts on a trip to Eagle Pass to visit James D. Watts, who will receive his commission as Lieutenant in the Army Air Corps Saturday, March 20. They also visited in Old Mexico. Lieut. Watts will become a pilot in the Air Corps.

**HAVE OPERATIONS**

Canyon citizens in Amarillo hospitals are:
H. T. Rhodes.
Miss Grace Clark.
W. T. Beavers.
Glenda Mae Metcalf.

Staff Sgt. T. S. Stevenson, Jr., arrived home Tuesday night on a 10-day furlough from the Army Air School at Greenville, S. C.

## To Preside

**Dr. A. M. Meyer, dean of the Graduate School, will have a prominent part in the Northwest Texas Conference for Education in Amarillo Friday as its presiding officer. Teachers from all counties of the Panhandle will attend.**

## War Bonds Will Be Pushed For Sale in April

The government will offer the Second War Loan starting April 15. The drive is for 13 billions, and bonds will be offered which will appeal to all classes of citizens.

The offerings to be sold during the April drive will consist of:

1. Twenty-six year 2½ per cent bonds dated April 15, 1943, due June 15, 1965, callable June 15, 1964, to be issued in coupon or registered form at the option of the buyers. There will be no limit to the amount of this issue and no restrictions upon the issuance excepting the temporary exclusion of commercial banks from ownership for their own account. The bonds will be sold in denominations from $500 to $1,000,000.

2. Two per cent Treasury Bonds dated April 15, 1943, due September 15, 1952, callable September 15, 1950. This security will be available for subscription by commercial banks for their own account for the period April 28, 29 and 30, inclusive. It will be available for subscription by all other classes of investors for the entire period of the drive. Sales to commercial banks will be limited to $2,000,000,000 or thereabouts. These bonds will be in denominations of from $500 to $1,000,000 and will be issued in coupon or registered form at the option of the buyer.

3. A⅞ per cent certificate of indebtedness dated April 15, 1943, due April 1, 1944. This security will be available for subscription by all classes of investors during the entire period of the drive. The certificates will be in denominations of $1,000 to $1,000,000 and will be issued in coupon form only.

## Military Tests Will Be Given April 2 at WT

Qualifying tests for young men interested in the new military college training program will be given at West Texas State on April 2.

Prof. Mitchell Jones will administer the tests in the main auditorium from 9 to 11 a. m.

Those who pass the tests will have an opportunity to be considered for college training on active duty, with pay, in uniform, and under general military discipline. They will be sent to selected institutions which will offer technical and professional training under military supervision. On induction, they will be given twelve weeks of basic military training.

Those who take the tests on April 2 will be under no obligation, but will be given certificates of qualification, assuring them a trial in some Replacement Training Center if they desire to go ahead in the program.

Boys 17 through 21 years of age are eligible if they have finished high school or will finish by next July 1, which is the control date for ages. The purpose of the program is to train, at the collegiate level, young men in technical and professional skills. Men now in the armed forces, including the college reservists, are not eligible to take the tests.

Half of those accepted will start training on July 1 and the rest in November. The Navy program will be V-12, and the age limits will be 17-20. The Army age limit is one year higher.

## Waac Candidates Badly Wanted

An urgent call has been made by the army for more women to join the WAACs. General Richard Donovan of the 8th Corps states that 32 classifications are open to women workers.

The manpower of the nation is being rapidly exhausted by the induction of more men in the armed service and in the call for men to munition plants.

Women can take the place of thousands of these men, and thereby release men for the armed service.

Mrs. Lily Wafford is county chairman for recruiting in Randall county and will give full information to young women seeking to enter the service.

## *Ceiling Price Milk Placed at 13 Cents*

A ceiling price of 13 cents per quart has been placed on milk in Randall county. Most of the dairies were charging 12 cents per quart before the ceiling price was established.

Shop in Canyon regularly.

# Nance Herefords Win

## A. M. Warren Is Promoted Capt. Army Air Corps

CAPT. A. M. WARREN

Mayor and Mrs. W. A. Warren received a telegram yesterday that their son, A. Meredith Warren, had been promoted to Captain. He is in the Army Air Forces, stationed at Fresno, Calif. Capt. Warren received his wings Dec. 12, 1941, and was promoted to First Lieutenant last October.

## Idle Trucks Must Be Listed Federal Office

The vital importance of the nation of every piece of motor equipment in the hands of its citizens is emphasized in the reminder that idle trucks and buses must be reported to the nearest district ODT office.

General Order ODT 21 requires that commercial motor vehicles other than taxis, rental cars, ambulances and hearses, which are not in use during the last fourteen days of any month shall be reported to the ODT within five days after the last day of that month. A simple report form is available at the district office, 1008 Fisk Building, Amarillo, Texas.

"There are several good reasons why a vehicle may be temporarily idle," N. F. Nelson said. "If lack of replacement parts is keeping it off the road, we may be able to assist in getting it back into operation. If business slow-down, a lull between jobs, or personnel shortage has caused it to be taken out of service, the owner may be put in touch with some vital use for that truck or bus.

"A truck may be kept out of service for a temporary 'rest' period where an operator has been very successful in effecting conservative measures. We hope a lot of them are idle for that reason, because it means a longer life for them. But we must know."

## Lost Ration 2 Books Are Hard To Be Replaced

Citizens are warned that when they lose Ration Book No. 2 they must apply in person to the local board before it can be replaced. Under the provision of OPA it may take as long as 60 days to secure a new book. Therefore, all citizens are warned to carefully guard their books.

## *Pvt. Dean Schaeffer Is Radio Graduate*

Pvt. Dean H. Schaeffer has graduated from the radio school of the Air Forces Technical Training command at Scott Field, Ill. He is now qualified for duty as a member of a fighting bomber crew. However, he is qualified for advanced training in radio.

Pvt. Schaeffer is the son of Mr. and Mrs. Geo. Schaeffer of this county. His father is Cpl. Geo. Schaeffer, who is in the medical corps at Camp Carson, Colo.

**ANTHONY IS DISCHARGED**

Joe B. Anthony has been discharged from the Army Air Force at Del Rio, and has returned to his farming operations south of Canyon.

Mrs. Kermit Schramm has returned from an Amarillo hospital where she underwent a major operation two weeks ago.

## Meat Rationing Starts March 29

### Coupon Plan Is Discussed By Head of Board—Will Include All Kinds Meats

"Simplicity is the keynote of the new meats and fats rationing program just announced by the Office of Price Administration," said W. J. Wooten, chairman of the Randall County Rationing Board.

"Housewives will have no difficulty at all in shopping with their red ration stamps in War Ration Book Two when the new program goes into effect on March 29."

Although the ration list includes a wide variety of foods, including all meats and many cheese, as well as shortening and salad oil, butter and margarine, canned fish, and many other items, from the point of view of the housewife who does the shopping, it will really be a simple matter.

"All these foods will be rationed with a single set of stamps," Mr. Wooten pointed out, "and the busy housewife will have to consult only one table of point values to find out how many ration points any of these foods will cost."

"This latest program requires no registration of any kind," added Mr. Wooten. "War Ration Books Two are already distributed, and when the program goes into effect, housewives will already have had a full month's experience in the use of their point-ration books in buying processed foods. Neither will consumers be asked to report any stocks of food they may have on hand."

One of the few differences between the use of the blue and the red stamps in War Ration Book Two, is the order in which stamps will be declared valid.

When rationing begins on March 29, the first set of stamps, marked A,—worth 16 points,—will be valid. Beginning April 4, and then on each succeeding Sunday throughout April an additional set of stamps will be validated. All these stamps, from A through E inclusive, will remain in use all month—making a total

(Continued on page five)

## J. D. Breitling Returns to Ship After First Leave

J. D. BREITLING

J. D. Breitling, Seaman First Class, left Thursday after a 30-day furlough. He was on the U. S. Pensacola and was in action against the Japs in the Pacific. His ship was damaged and has been under repair for several weeks. He was granted this furlough in order to visit at home.

J. D. joined the navy in March, 1942, and this is the first time he has had a furlough.

He saw for the first time his four months old son, James Anthony. Mrs. Breitling and son were here during the furlough to visit at the parental J. M. Breitling home.

All of the Breitling children were here, except Herbert, who is in training at Fort Lewis, Washington. The others were: Mr. and Mrs. Virgil Morris and children of Guthrie; Mr. and Mrs. Walton Smith and children of Dimmitt; Mrs. Oscar Phillips and children, and Mr. and Mrs. Eston Breitling of Roxboro, N. C.

J. D. reported to the navy at San Francisco Saturday. He did not know whether he would return to the Pensacola, or be assigned to another ship.

## Yearling Bulls Take Top Place Fat Stock Show

GEO. E. NANCE

Herefords from the George Nance Hereford Ranch, east of Canyon, won the Grand Championship in the car lot division at the Fat Stock Show in Amarillo last week. The lot consisted of 12 yearling registered bulls. This honor is highly coveted by all Hereford breeders.

The Fat Stock Show gave a prize of $50, and the Amarillo Hotel gave a beautiful silver platter, valued at $75, to the winner of grand champion car lot.

Ten of the 12 bulls sold for an average of $650 each, and Mr. Nance refused $2,500 for another of them. Two of the bulls he decided to bring back to the ranch for service in his own herd.

Mr. and Mrs. George Nance, owners of the ranch, and Herdsman Oscar Evans are always glad to show these Herefords and invite anyone interested in Herefords to visit them at any time.

## Happy Birthday

March 18th—
Jean Marie Kleinschmidt

## Another Dry North Wind; No Rain In Three Months

A dry norther swept the Plains Monday. The temperature dropped to 18 degrees above zero Tuesday morning.

There has been no moisture for three months, and the wheat is showing the effects of the continued dry weather.

**HAS OPERATION FRIDAY**

Mrs. Irby B. Carruth, formerly of Canyon, underwent an operation in a medical hospital in Dallas Friday morning. She is improving rapidly. Mr. and Mrs. Carruth live in Bonham.

Mr. and Mrs. O. R. Terry, of Plainview, visited over the week end with their son, Gerald, and Dr. and Mrs. M. A. Biggers.

## 200 More Will Be Here April 4

### W. T. Campus Will Become Military Camp As Men Go To School For 5 Months

West Texas State will receive 200 soldiers Sunday, who will study here for a period of five months. A second group of 200 men will arrive on April 4.

President J. A. Hill conferred with army officers several weeks ago, offering the facilities of the college for whatever use the army could make or the institution. The navy has been using the aviation facilities, and 40 men are being trained under a contract with G. W. Cox.

The new group of men are preflight students in the Army Air Corps. They will have intense college training as well as flight instruction. College courses which are recommended by the Air Corps will be taken by the men. Dr. Hill states that faculty members will be used as far as possible, but additional professors will be necessary in some of the departments in order to take care of the increased teaching load.

The men will be housed in Buffalo Courts, Terrill Hall and Stafford Hall. Boys in these dormitories will be moved out this week in order to provide for the group of soldiers.

The men will be in uniform, and will be under strict military control. They will not be able to leave the campus without a permit. The course is hard, and planned for the purpose of giving the men the best physical and mental training.

Captain D. J. Jacobi arrived Monday, and other officers are expected daily to begin planning to receive the soldiers. Just what number of officers will be here has not been determined.

Bedding and supplies for the emergency in getting ready to house the men will be furnished by the Amarillo Army Air Field.

Virgil Henson, business manager of the college, states that there is a great need for cooks to start to work at once, and meals must be provided as soon as the men arrive. The men will be fed by the college under the rationing system, the same as civilians.

Dr. Hill states that many of the details of handling the men have not been worked out, but the college will do everything that the army wishes in order to meet the situation.

Just what part the people of Canyon may have in taking care of the men has not been determined. After the officers and men start to arrive, there will probably be many services which the people of Canyon may give in order to provide for the men.

## Victory Books to be Gathered by School Students

The Victory Corps of the Canyon high school will stage a Victory Book campaign starting Saturday and extending through Tuesday of next week.

Canyon has been divided into sections, and students of the Victory Corps will work each of these sections during that period.

Most of the book collections will be made Saturday and Sunday. Miss Rhita Jean Sullivan will furnish the students transportation for the books to the school.

Members of the Victory Corps who live in the country will collect books in their communities and will bring them to school Monday and Tuesday.

A record will be kept by the solicitors of the names and addresses of all persons giving books.

Miss Sullivan states that the Victory Corps undertook this project in view of the fact that no other organization had made such a campaign and an opportunity woud be given to all citizens to make a contribution of books to the men in the armed forces. The books will be turned over to the Red Cross for distribution.

## *First Planes Are Serviced at Night*

The first planes to be serviced at night by the Canyon Aviation Service came last night from Plainview. Twelve planes flew up and were serviced, stated Geo. W. Cox, owner of the Field.

A grass fire was started on the field when flares were put out for the planes to land. The Canyon Fire Department and many citizens of Canyon assisted in putting out the fire.

Mr. Cox states that planes from the Plainview field will make regular trips to the local field in cross country flights.

Member of National Editorial Association and Texas Press Association.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

## WHO IS THE GOVERNMENT?

This country is face to face with the question of who rules the destinies of the American people. Have we a government of the people, by the people and for the people, or have we a government of powerful cliques, by groups and for vote control?

The United Mine Workers of America, through John L. Lewis, the president, has issued an utimatum to induct into his union all supervisory officials of the nation's coal mines. There are some 60,000 of these men who occupy positions as mine foremen, assistant mine foremen, tipple foremen, etc. They run the mines under the supervision of the mine management. The official announcement ordering these men to join the union by March 31, also orders them to pay $10 initiation fee and $18 a year dues.

If the United Mine Workers and its officers can take over the management of coal mines in this manner and, in effect, oust the owners and run the mines as they choose, the same thing will shortly happen to all industry. It is frightening to think of an organization so powerful that it can calmly tell 60,000 individuals to join that organization, pay a $10 initiation fee and $1.50 a month—$1,680,000 the first year—or else. It is still more frightening to think that so far there is no government control sufficiently strong to protect an individual in his right to his job if he fails to join and pay dues as directed.

And this brings up the pertinent question—Who is the government? What has become of the guarantee of life, liberty and pursuit of happiness, in our country?

Apparently, the first step to correct this iniquitous situation is for Congress to revise our laws, and control the rights of powerful organizations to coerce men at will. It is no attack on the labor union movement to make it subservient to government, and to protect the right of an individual in his job, against coercion from whatever source.

### DECALOGUE FOR 1943

We submit ten "can'ts" that are good in both war and peace. Rightly described as "costing so little but worth so much," they are:

You cannot bring about prosperity by discouraging thrift.

You cannot strengthen the weak by weakening the strong.

You cannot help small men by tearing down big men.

You cannot help the poor by destroying the rich.

You cannot lift the wage-earner by pulling the wage-earner down.

You cannot keep out of trouble by spending more than your income.

You cannot further the brotherhood of man by inciting class hatred.

You cannot establish sound security on borrowed money.

You cannot build character and courage by taking away a man's initiative and independence.

You cannot help men permanently by doing for them what they could and should do for themselves.

---

Capt. Eddie Rickenbacker is making some mighty plain talks to the people of the nation, and is giving some mighty sound advise. He is the No. 1 national hero for the moment, and will be heard by thousands of people. It will be unfortunate for Rickenbacker, as well as for the nation, if he is tempted to get out into the deep water of politics and lose the goodwill of the nation. Remember Chas. Lindbergh! He was our national hero until he attempted to become the political prophet of the nation. His predictions did not pan out, and he lost the huge following which was once his own. Rickenbacker has the distinct advantage of being a genuine American fighter long before this war started, and was a sound business man in his own right before he started giving advice. We hope that he will not mar his reputation with the people by attempting to do the impossible in the way of predictions.

---

West Texas State is contributing very valuable men to the political affairs of the State. Senator Grady Hazelwood is performing a noteworthy service to the State. Lieut. Governor John Lee Smith is one of the outstanding exes of West Texas State, who is reaching the pinnacle of success. Newton Harrell is the latest to be appointed to a position of honor and trust in the State. As member of the Board of Regents of Teachers College, Mr. Harrell will be of great service to West Texas State and to the cause of education in Texas.

---

Fulton Lewis, Jr., one of the ablest newspaper men and radio commentators in the nation, visited the Southwest last week gathering first hand information on the meat situation. Lewis expressed complete confidence in the leadership of the war, but is greatly alarmed over the growth of bureaucracy in the nation. The nation is being run by bureaucrats, many of whom know little about their jobs, and too many of them care little excepting the fat salaries and big expense accounts which go with the jobs. Congress is going to have a tough time eliminating much of this waste in government, since every member of Congress has plenty of friends in these jobs—and some of them would be crippled if the axe fell.

---

How much damage do bombs really do? While Germany was bombing England day after day, it seemed that the nation could not survive such pounding. But England is stronger today than ever before. We are now sending wave after wave of bombers over Germany. Claims are being made of great damage. But is this damage of such vital importance that Germany cannot survive the punishment? One thing is certain, planes can sink ships, and ships are vital to this war. Aside from the destruction of property and shaking the morale of the people, we can only wonder at the military value of bombing.

---

Alarm clocks have been off the market for several months. Many people suffer inconvenience because of this handy little gadget which makes you mad every morning, but which you praise for the daily faithfulness. So necessary is the alarm clock that OPA has ruled that a limited number may be manufactured to supply the need of war workers. The rest of us will continue getting up as best we can.

---

The Chinese are clamoring for more planes and supplies to fight the Japs. It is evident that the Japs are trying to knock out the Chinese before this aid can get to them. Transportation is the big problem, and one that is far from being settled. If we had the ships to carry war supplies, the Chinese would do the job. But lacking ships, our supplies rest on our shores while the Japs hammer our ally.

---

Backward looking members of Congress are sniping at post-war planning. If some plan is not adopted, and unless we continue talking about post-war problems, we had as well prepare for World War III just as soon as the Axis are whipped this time. There are too many people in the United States who still believes that our isolation will save our necks.

---

Russia is being pushed back by the Germans. While this is bad news, it is no more than could be expected. The Germans are not good winter fighters. Russia has made all of her gains during the intense cold. Now that the weather is moderating, it will be no surprise to see Hitler put on a push that will regain considerable territory.

---

More people will have Victory Gardens than ever before; likewise more folks are getting ready to raise chickens than ever before. Naturally it is a hard job to raise both without considerable trouble and some little expense. You cannot successfully raise a Victory Garden if your neighbor's chickens are allowed to run at large.

---

After all this talk about income tax revision, and the columns which were written about the Rumel plan and other schemes, March 15 came with no change in income taxes. There is nothing in prospect for the taxpayer except pay off, and get ready for another big income tax payment next year.

---

Cattlemen are now talking about $200 cows. That's fine talk, but if this becomes a reality it will simply be too bad for a lot of speculators. Remember those days a few years back when cows tumbled in price about $70 per head almost overnight?

---

Hitler is going to sacrifice thousands of men in an offensive against the United Nations this spring in order to forestall the attack he fears on the continent. The lives of men mean nothing to dictators. Glory of battle is the only thing the dictator cares anything about.

---

Let's hope that the revolt in France is on as large a scale as indicated. Months ago it was reported that arms and ammunition would be furnished the French people who would revolt. Now it is indicated that these arms are being delivered.

---

The green bugs are working on the wheat, and the dry weather is causing the wind to kick up a lot of dust. What this country needs is a good, general rain.

## Tierra Blanca

Helen Jo Cox spent Friday night with Mary Alice Campfield.

Willie Mae Holman spent Friday night with Mr. and Mrs. Hosea Foster in Canyon.

Mr. and Mrs. Hand and Mr. and Mrs. Holman were business callers in Amarillo Monday.

Sarah Smith spent Saturday night with Willie Mae Holman.

Mr. and Mrs. Hand and Dyann called in the L. H. Holman home Sunday evening.

Willie Mae Holman gave a party for Jim Linderman who is a parachute trooper.

Margaret and Doyle spent Saturday night and Sunday with the H. Hand family.

Helen Jo Cox spent Wednesday night with Lynelle Roach of Canyon.

P. L. Pitt and family were called to Wellington to the bedside of the father of Mr. Pitt.

Dorothy Marie Adams visited in the H. H. Hand home Saturday night and Sunday.

---

Help Keep Canyon Clean!

"Is it true, what they say about

# War Bonds?"

THEY SAY — "Hey, Bill, I heard that in order to pay for the fighting equipment our boys need, each of us should be putting at least 10 percent of our pay into War Bonds."

IT'S TRUE — "That makes sense to me, Joe. Those things cost plenty of dough. After all, one dime out of every buck is a darn cheap price to pay for freedom!"

THEY SAY — "That's a sweet investment, I'd say! And when you lend dough to Uncle Sam, you know he'll make good on his I O U"

IT'S TRUE — "Say! War Bonds are *better* than dollar bills! They're backed up by the strongest Government in the world — and they make more money for you!"

THEY SAY — "We're not really *paying* that money to the Government, either. It's just a loan to Uncle Sam, as I see it."

IT'S TRUE — "Sure. You get it back — with interest. Every 3 bucks you put in brings you 4!"

THEY SAY — "Must be a lot of people owning War Bonds by now, aren't there, Bill?"

IT'S TRUE — "A lot of people? Listen! 50 million of 'em have bought War Bonds — and I'm one of 'em. 50 million Americans can't be wrong, Joe!"

*Axis cuts your driving—*
*Terrorizes your engine with ACID!*

Every time short rations keep your car idle it's really like the Axis trying to dose your engine with acid. All the Axis needs is the acid products of combustion always left in your engine when it stops. This unavoidable acid wasn't so bad when cleaned out pretty well, several times a day, on fast runs that warmed the engine completely. But now with slow short runs often keeping the engine too cool, acid's chance has increased to corrode metal.

To keep your tools from corroding you apply oil—again and again. In your engine you can have a more lasting preservative. It's designed to combat internal acid corrosion. It's surfaced to metals as closely as any protective plating. That's why this inner engine preservative—made possible by the quick, simple, economical change to Conoco N*th* motor oil—is known as OIL-PLATING.

Conoco N*th*—patented—brings you the special synthetic invented to make metal surfaces cover themselves with OIL-PLATING. It may be quite a while "between coupons" now. But you needn't give hungry acids all that while to gnaw at your engine, which the Axis won't let you replace yet! OIL-PLATE it now. Change to Conoco N*th* for Spring. Continental Oil Company

## Dorothy Warwick and Ensign Haley Are Married Here on Thursday —Will Live at Miami, Florida

(By MRS. OLIN E. HINKLE)

Miss Dorothy Warwick and Ensign Arthur C. Haley, Jr., were married Thursday evening at the home of the bride's parents, Mr. and Mrs. Clyde W. Warwick. The Rev. C. C. Armstrong, pastor of the First Methodist Church, read the double ring ceremony in the presence of about 70 friends of the couple.

Miss Thelma Franz lighted twelve white tapers, which illuminated an altar banked with white carnations, white stock, and fern. Miss Marion Miller sang "I Love Thee," accompanied at the piano by Miss Pauline Brigham, after which Miss Brigham played Mendelssohn's wedding march.

Miss Warwick entered on the arm of her father, who gave her in marriage. She wore a white satin gown designed with a panel front and a long, full skirt which extended into a train. Her low-waisted bodice had a sweetheart neckline and long sleeves. Her knee-length illusion veil fell from a tiara of seed pearls. The bridal bouquet was of white roses and carnations.

After the ceremony, the bride and groom were invited into the dining room, where Mrs. Haley served her husband a slice of the three-tier wedding cake.

Shortly thereafter, the couple left by automobile for Miami, Fla., where Ensign Haley is to be stationed as a member of the United States Naval Reserve. For traveling, the bride wore a powder blue suit with accessories of golden brown.

Those assisting Mrs. Warwick as members of the house party for the reception were Mrs. Houston Bright, Mrs. A. M. Meyer, Mrs. S. L. Ingham, Mrs. C. R. Burrow, Hiss Helen White Moore, Mrs. W. A. Warren, Mrs. J. J. Walker, Miss Thelma Franz, Miss Pauline Brigham, Mrs. J. B. Winkelman, and Miss Marion Miller.

Tall white tapers lighted the tea table, where the center of attraction was the white wedding cake, encircled by white carnations and stock. Mrs. Meyer poured tea, and Miss Moore served individual flower-topped cakes. Sandwiches, salted nuts and mints completed the menu.

Both Ensign and Mrs. Haley were graduated by West Texas State College with the class of 1942, and both had been included in Who's Who Among American University and College Students.

Mrs. Haley had been a member of The Prairie staff in college. After her graduation, she was society editor of The Canyon News. She was a member of Pi Omega sorority.

Ensign Haley was an accountant with the H. V. Robertson Co., Amarillo, until last August, when he joined the United States Navy. He was sent first to Dallas, then to Corpus Christi. He received his commission on the day before the wedding and was assigned to a Miami, Fla. post. He is the son of Mr. and Mrs. A. C. Haley of Seligman, Ariz.

Those visiting Mr. and Mrs. E. A. Michael Sunday afternoon were Mr. and Mrs. John Moody and Mary Ben, Mr. and Mrs. Bailie McCormick and Mr. and Mrs. Elvert Laughery of Borger.

DO THIS FOR
Night Coughing

WHEN A COLD stuffs up the nose, causes mouth breathing, throat tickle and night coughing, use this time-tested Vicks treatment that goes to work instantly... 2 ways at once!

At bedtime rub good old Vicks VapoRub on throat, chest and back. Then watch its PENETRATING-STIMULATING action bring relief from distress.

It PENETRATES to upper breathing passages with soothing medicinal vapors. It STIMULATES chest and back surfaces like a warming, comforting poultice... and it keeps on working for hours, even while you sleep—to ease coughing spasms, relieve muscular soreness and tightness—and bring grand comfort! Try it tonight... Vicks VapoRub.

## Umbarger Items

# Social Events of the Week Clubs and Organizations

**DOUBLE BIRTHDAY IS CELEBRATED TUESDAY**

The birthdays of Mrs. Ed Phillips and Mrs. Boyd Moore were observed Tuesday by the Rose Appleby Circle of the Baptist Church. A covered dish luncheon was served at the home of Mrs. Phillips.

The members went from the luncheon to the home of Mrs. T. W. Langston for the afternoon meeting.

Those present were: Mrs. W. H. Harden, Mrs. R. A. Hodges, Mrs. L. C. Ponder, Mrs. P. F. Hicks, Mrs. Carl Laughery, Mrs. Ellen Moore, Mrs. H. C. Long, Mrs. R. C. Hillier, Mrs. Lorenzo Wirt, Mrs. Norval Dickerson, Mrs. Mark Laughery, Mrs. Ed Phillips, Mrs. Charles Elkins, Mrs. W. E. Laughery, Mrs. A. K. Goodman, Mrs. A. L. Walsh, Ed Phillips, Gwen Phillips, Don Gay Dickerson, Molly Ann Rhodes, Martha Quillan.

Mrs. Velma Lyons and sons, together with Mrs. Wallace Hollis, visited with friends and relatives in Pampa Sunday.

**UMBARGER 4-H CLUB HAS MEETING THURSDAY**

The Umbarger 4-H Club met on Thursday, March 11, at 12 o'clock. Miss Frances Wilroy, the County Home Demonstration Agent, attended the meeting.

The bulletin "Be Your Best Self" which was given to the members at the last meeting was read. Miss Wilroy gave each one present a bulletin on gardening.

Those present were Misses Bernice and Delores Anderwald, Ann Hollenstein, Mary Lindemann, Henrietta and Teresa Ann Beckman, Lucy Ann Skarke, Ormalene Brochman, Martha Hoffman, Rita and Teresa Westhoff, Louisa Friemel, Pauline Bracht, Alice Iribeck, Rose Bedenk, Elfrieda and LaVerna Batenhorst, Irene and Viola Artho, Teresa Evers, Bertha and Lucy Schoenenberger, and Teresa, Lillian and Leona Grabber.

Mrs. Isabelle Dickinson and her mother are leaving soon for California soon to visit Mrs. Dickinson's son, M. A. Dickinson.

**HIGHLAND H. D. CLUB MEETS WITH MRS. MASON**

Nine members of the Highland H. D. Club and three guests were present at the home of Mrs. Elmer Mason when Miss Frances Wilroy, home demonstration agent, gave a discussion and demonstration on planting trees. Interesting and helpful remarks and suggestions on food production were also given. One cherry tree, a gift from the club members to Mrs. Mason, was planted.

The president, Mrs. Jack Baker presided at the business session; a motion was made and carried for the club to hold a games tournament and Mrs. Mason gave a report from council telling of many interesting things that the H. D. Clubs are accomplishing.

Mrs. Geo. Mason and Mrs. Carl Fuqua were guests and Mrs. Pearl Nesselroad, Mrs. C. H. Roark, Mrs. Baker, Mrs. L. J. Fulton, Mrs. Geo. Cook, Mrs. Tom Boling, Mrs. Ed Sharp, Mrs. R. E. Sweet, Miss Wilroy and the hostess were present.

The next club meeting will be on Tuesday, April 6 at the home of Mrs. L. J. Fulton when Miss Wilroy will present a demonstration on "Making new clothes out of old ones for Victory."

**MRS. LAUGHERY HAS ROSE WALKER CIRCLE**

The Rose Walker Circle met with Mrs. Minnie Laughery Tuesday afternoon.

"Take the Name of Jesus With You," was used as the opening song. Mrs. J. C. Dowd led in prayer. The devotional was given by Mrs. Laughery, prayers for the meeting followed.

Special reports on Bible Study were given by Mrs. R. E. Gill, Mrs. Charles Stratton, Mrs. E. B. Anthony, Mrs. Dowd and Mrs. Jessie Reid.

Those present were Mrs. C. O. Cooper, Mrs. L. C. Ruthardt, Mrs. W. A. Black, Mrs. J. M. Steen, Mrs. T. T. Fain, Mrs. Cynthia Anderson, Mrs. T. A. Ziegler, Mrs. J. D. Key, Miss Joy Oldham, Mrs. Laughery, Mrs. Dowd, Mrs. Gill, Mrs. Stratton, Mrs. Anthony and Mrs. Reid.

Members of the Circle were sorry Mrs. J. W. McCrerey was called out of town by the death of a relative.

The next meeting will be with Mrs. C. O. Cooper Tuesday afternoon, March 22.

**PRESBYTERIAN GUILD MET TUESDAY, MARCH 16**

The Presbyterian Guild met Tuesday, March 16, in the Presbyterian Church Parlor.

The devotional was given by Mrs. Robert Jones. The subject of the devotional was, "Thy Kingdom Come In Us."

Mrs. Joe Black was in charge of the program. She spoke on Stewardship and Spiritual Life. A poem on America was read by Mrs. Clarence Thompson.

Those present were Mrs. Cecil Briggs, Mrs. Harry Brown, Mrs. Black, Mrs. I. F. SoRelle, Mrs. Thompson, Mrs. Clarence Wylie, Mrs. Jones, Mrs. A. B. Haynes, Mrs. H. D. Neill and Mrs. J. D. Barker.

**1925 BRIDGE CLUB WITH MRS. BRIGGS**

The 1925 Bridge Club met with Mrs. Cecil Briggs Wednesday afternoon at 3 o'clock.

St. Patrick's Day tallys were used, and a dessert course in St. Patrick's day colors was served to Mrs. J. L. Duflot, Mrs. George A. Farlow, Mrs. J. J. Walker, Mrs. Hud Prichard, Mrs. Gordon Lyons, Mrs. J. M. Daugherty, Mrs. Frank Phillips, Mrs. Joe Black, Mrs. Briggs, Mrs. R. P. Jarrett, Mrs. C. A. Murray, Mrs. Ray Campbell, and Mrs. Briggs' mother, Mrs. Harris.

Mrs. Jarrett, Mrs. Murray and Mrs. Harris were guests.

**LAS SENORAS NUEVAS WITH MRS. NICKLAUS**

Las Senoras Nuevas met with Mrs. W. W. Nicklaus Wednesday, March 10.

Mrs. Tom Brasher was high score winner and Mrs. Hud Prichard was low score winner.

A dessert course was served to Mrs. Michell Jones, Mrs. Clyde Davis, Mrs. Brasher, Mrs. Prichard, Mrs. J. M. Daugherty, Mrs. J. L. Duflot and Mrs. Gus Miller.

## War Films Are Seen by 7,000 Persons in Week

More than 7,000 individuals saw war information programs distributed by W. T.'s Bureau of Public Service last week.

Four new titles will be added to the supply of war films within the next week or two. The titles are "Conquer by the Clock," which has to do with home and industrial safety, "Paratroops," "U. S. News Review No. 3," "Letters from Bataan," and "Semper Paratus," which is the official song of the coast guard.

These new films will be shown in the Education Auditorium and to schools, Army units, and USO's throughout the Panhandle region.

Mrs. O. J. Laas and children of Plainview, visited in the parental Harvey Cash home this week.

**FROM RANDALL COUNTY HOME ECONOMISTS**

Mothers, do your children get a school lunch that provides one-third to one-half of the day's requirements of all food essentials?

A lunch packed at home should have a minimum of two sandwiches, fruit or vegetable, milk, and a simple dessert. However, this type of lunch does not provide a hot dish so important on cold days. A very simple school lunch consisting of one hot dish such as soup, stew, or a casserole dish; one-half pint of milk; and bread; is much more satisfying to the child.

If the child is supplied with cash and left to his own resources to select his lunch, he may purchase a bag of potato chips and a bottled drink from the nearest grocery store.

One of the best answers to the problem of how to help the child get a satisfactory lunch for the least money is the plate lunch. This "Type A" plate lunch being served for 15c to 18c in school lunchrooms over the state consists of (1) at least ½ pint of milk; (2) two vegetables or a vegetable and a fruit; (3) a serving of meat, fish, eggs, dried beans or peas; (4) whole grain or enriched cereal in bread or other form; (5) butter or gargarine (fortified with vitamin A); (6) (optional) dessert consisting of fruit or simple sweet. The "Type A" lunch contains from one-third to one-half of the day's requirements.

**SHELNUTT MAKES HIGH SCORE**

Word has been received from Pvt. James Shelnutt that he made the highest score of his company in rifle practice,170 out of a possible 200. He is classed as a sharpshooter. He is stationed at Camp Custer, Michigan, with the Military Police Escort Guard Co. He is the son of Mr. and Mrs. C. P. Shelnutt of this city.

Pvt. Ray Long scored second best in the company and is classed as a Marksman. He is also stationed at Camp Custer. Pvt. Long is the son of Mr. and Mrs. Henry Long of this city.

**SING SONG TO MEET**

The Randall County Sing Song will meet at Fairview Sunday, March 21. This is the first meeting since gas rationing.

**MARRIAGE LICENSE**

Arthur Charles Haley, Jr. and Miss Dorothy Nadine Warwick, March 11.

Mrs. Lee Foster and daughter, Sally, will accompany Mrs. Foster's parents, Mr. and Mrs. J. A. Brewer of Childress on a trip to Little Rock, Ark., where they will visit Lt. and Mrs. F. A. Brewer. Lt. Brewer is stationed at Camp Robinson near Little Rock.

Lt. and Mrs. L. T. Barksdale and daughter are here from San Angelo. Lt. Barksdale is being transferred to the Childress field. Mrs. Barksdale and daughter are moving back to Canyon.

Staff Sgt. Maurice Crain of Salina, Kansas, met his wife here this week at the parental H. W. Crain home for a short furlough. Mrs. Crain is carrying on her work in New York City.

Mrs. Charles L. Weddle, Jr., and son, Danny, and Mrs. Weddle's niece Zelma Louise Blewett, left Tuesday to visit relatives in Lubbock and Bonham, before going on to Doylestown, Penn. Zelma Louise will attend school in Doylestown.

Grant Sharman of Abilene visited over the week end with his parents, Mr. and Mrs. W. P. Sharman. Grant is attending Abilene Christian College.

Mrs. A. K. Powell, of Alexander, Louisiana, arrived Sunday to visit her parents, Mr. and Mrs. B. B. Cluck. Pvt. Powell is to be transferred soon.

Staff Sgt. Harry L. Inman of the Army Air Base, Carlsbad, N. M., arrived this morning for a few days visit with relatives.

Mr. and Mrs. Robert W. Foster of Amarillo, visited with Mr. and Mrs. Hosea Foster, Sunday.

Mr. and Mrs. J. C. Duke of Sundown are visiting in the parental P. V. Winstead home.

Elbert Laughery and family, of Borger, visited Mrs. Carl Laughery over the week end.

Mr. and Mrs. K. E. Frieze visited over the week end with friends and relatives in Littlefield.

## Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

# Campus Must Produce Food

**President Hill Calls For Elimination of Waste; Names Group**

Produce more food; eliminate waste.

This two-ply program will be placed before students, faculty members, and employees of West Texas State in many ways during coming months. Dr. J. A. Hill has called for an all-out effort to produce food on the campus and at the College Farm. Gardens will be seen along the highway, on the lawn of the College Hospital, and on other vacant plots. Water will be furnished individuals who agree to grow vegetables.

To promote a program of production, conservation, and complete loyalty to the nation in wartime, Dr. Hill has appointed the following committee: Dr. Seth A. Fessenden, chairman; Mrs. T. V. Reeves, secretary, Milton Morris, Miss Adele Barnes, Frank R. Phillips, Miss Margaret Barrett.

Dormitories will cooperate by eliminating waste in preparation and serving of food. Students will be asked to give advance notice of intention to be absent at meal times. In this way all food prepared will be consumed promptly.

Because many foods are no longer available in quantity, dormitory purchasing agents are finding meal planning an increasingly difficult task. Students will be told, frequently, just what the problems are and how they can cooperate in making the best of a trying situation.

Prof. Phillips is planning farm production by selecting vegetables for planting which will be needed month by month at the halls. How to increase the milk supply is another problem.

"We must grow as much food as we can and exert every possible effort in conservation and waste prevention," Dr. Hill said. "The food situation in this country will become critical if our normal habits continue. Waste is almost a criminal offense at this time.

## *Hereford Prison Camp Near Complete*

C. F. Kerr and L. Baskin of Hereford were business callers in the city Tuesday. The new federal prison camp near Hereford is nearing completion, states Mr. Baskin.

About 30,000 prisoners will be taken care of in the camp, but so far the government has not announced whether Japs or Germans will be sent there.

**PAUL SCOTT TRANSFERRED**

Paul Scott has been transferred from Tulia to Levelland. He is local manager of the West Texas Gas Co. Mr. Scott is the son of Mrs. J. J. Douglas of this city, and was formerly in the local office of his company.

**FOSTER TRANSFERRED**

Donald Foster has been transferred from the training camp in Florida to Los Angeles, Calif., according to word to his parents, Mr. and Mrs. R. E. Foster.

Miss Juanita Foster visited in Tulia Sunday with her uncle, Lt. James Foster of Camp Tarrett and friends.

No. 396

THE STATE OF TEXAS
COUNTY OF RANDALL

To the Sheriff or any Constable of Randall County—Greeting:

E. Garrison, administrator of the estate of J. L. Garrison, Deceased, having filed in our County Court this final account of the condition of the estate of J. L. Garrison, Deceased, together with an application to be discharged from said administration, you are hereby commanded that by publication of this return once in a newspaper regularly published in the County of Randall, and said publication shall be not less than ten days before the return day hereof, you give due notice to all persons interested in the account for final settlement of said estate, to file their objections there to, if any they have, in said court on or before Monday, the 29th day of March, A. D. 1943, when said account and application will be considered by said court.

Witness, A. B. Holt, Clerk of the County Court of Randall County, Texas.

Given under my hand and seal of office at my office in the City of Canyon, this the 17th day of March, A. D. 1943.

(Seal) A. B. HOLT,
County Clerk in and for
Randall County, Texas.

A true copy, I hereby certify:
M. E. Cantrell, Sheriff,
Randall County, Texas.

## Three Trustees To Be Named in School Election

The term of three members of the board of trustees for the Canyon Independent School District will expire May 1.

The annual election of trustees will be held in April. No candidates have filed for a place on the official ballot.

The term of office of Dr. Harris M. Cook, Worth A. Jennings, Jr., and L. D. Winn will expire.

## How to Make Up Actor Was Shown at Rotary Luncheon

Dr. Seth Fessenden showed Rotarians Tuesday how to make up a character for the theatre. J. W. Shook, who was in charge of the program, was the victim of the demonstration. One side of his face was made up in one fashion, while the other side represented another character.

As he worked, Dr. Fessenden explained the different steps, and the meaning of the various applications which he used.

Visitors were: Capt. O. J. Jacobi of the Army Training Division; Beryl Witherspoon, F. R. Barnes and E. Kancher of Amarillo; Bill Marshall of Dallas.

**STORK SPECIAL**

A 7½ pound son was born to Lieut. and Mrs. E. W. Pettitt at Coffeyville, Kans., Sunday. The boy has been named William Edwin, Jr. The mother will be remembered as the former Lynna Lee Lockhart of this city, daughter of the late Capt. W. E. and Mrs. Lockhart.

A son was born to Mr. and Mrs. W. N. Cuff at an Amarillo hospital.

A daughter was born March 12 to Mr. and Mrs. Bob Perkins. She has been named Doris Anne.

**TO ADVANCE FLYING**

Aviation Cadet Thomas Paul Service has finished his basic flying training at Gardner Field, Calif., and is now taking advanced training. When he completes this work, he will be commissioned.

Mr. and Mrs. R. L. Kerlin of Tucumcari are visiting here at the Herbert Franklin and Roy Franklin homes. Mr. Kerlin helped build the college building 25 years ago.

## Claude W. White Is Ordained

REV. CLAUDE WHITE

Rev. Claude W. White was ordained a minister in the Baptist Church Sunday afternoon at 3 o'clock at the Baptist Church. A Council was assembled of ministers from nearby Baptist churches. Dr. Roy L. Johnson conducted the examination.

Rev. Marvel Upton delivered the charge and presented the Bible.

Rev. J. W. Marshall delivered the sermon.

Tommie Godfrey conducted the music.

Mr. White has been assistant pastor of the local Baptist Church for two years.

## *Lester Smith Called By Father's Death*

Lester Smith was called to Pratt, Kansas, by the death of his father, N. F. Smith. The father was 90 years old. He fell last fall, breaking his hip, and died from the effects of the accident.

**ALLRED DISCHARGED**

Ernest Mike Allred has been discharged from the army to return to his farm. He has been stationed at the San Angelo Army Air Field.

Mrs. Jimmie Holston and her father, R. E. Foster, visited Saturday at Fort Sill with her husband, who is in officer training. They also visited in Wichita Falls.

# Announcement!

**Effective March 21, Our Retail Price of Milk Will Be**

**13c**

**Instead of 12c per quart.**

This advance in price is the first we have made during the past eight years, but it is necessary in order to help meet the wartime condition, which has nearly doubled the cost of production within the past 18 months.

Our laboratory test over a period of years indicates that our products compare very favorably with the best Grade A Milk in the nation, and when better milk is produced The Model Dairy will produce it.

Assuring you that we will ever keep in mind the best interests of our customers, and thanking you for past favors and kind words, we are

Very Sincerely,

**The Model Dairy**

# Lieut. Governor Talks to Studes

### Visitor Extolls Role of Education in Man's Grip on Civilization

**Lieut.-Governor John Lee Smith returned Thursday to the campus where he studied in 1914 and where, incidentally, he made an "A" in a history course taught by President J. A. Hill. Dr. Hill then was head of the department of history.**

The visitor recalled that he earned part of his expenses by typing the manuscript of an "American History for Schools" written by President R. B. Cousins and Dr. Hill. This work was used in Texas schools for several years.

The lieutenant-governor was introduced by Dr. Hill as a man "destined to have a still larger role" in the affairs of Texas. With Mrs. Smith and Capt. Royal C. Phillips, chief of the bureau of intelligence in the Texas Department of Public Safety, he met members of the college faculty at a coffee in the offices of Mrs. Geraldine Green, dean of women, and inspected the new Science Building and the Panhandle-Plains Museum.

**Speaks in Assembly**

In an eloquent assembly address, Governor Smith described education as "a process which civilization has developed to perpetuate itself." Nations and cultures die, he pointed out, when they neglect education and development of the finer virtues.

"The only way you can become or remain a modern man is through education," he declared. "We're born as ignorant as savages, but unlike primitive peoples, we have years of hard study ahead in which we must 'catch up' with the march of civilization. You must wade through seven thousand years of history. Your race of civilized men is far ahead of you. You are now progressing through the cultures of earlier men. Perhaps, in college, you have at last caught a glimpse of the leaders in modern life. But will you stop now? To stop short of being a modern man is a tragedy. The Dark Ages will return if man quits school. It is a sad thing, in this 20th century, to meet persons with first century minds.

**Facts Not Enough**

"But learning isn't enough. In addition, develop your characters. Wisdom is what you read in the hearts of good men. Get it. Learn self-control. Treasure your good name. . . .

"You have an obligation to those who are fighting for and dying for you. Do not be unworthy of their sacrifices. They are dying that you may live as modern, civilized men."

Governor Smith recalled that he came to West Texas State when the college was experiencing some of its darkest days. The main building had burned in the early summer of 1914 and the students were in shacks. He remarked that four of his professors served as presidents of Texas colleges. These were Dr. Hill, Dr. Cousins, the late R. L. Marquis of North Texas State College, and Dr. H. W. Morelock of Sull Ross State College.

The Smiths formerly lived at Throckmorton, where the lieutenant-governor was a lawyer. They have three children. One is a lieutenant in the U. S. Army. Another son is 14 years old and a daughter is 10. Mrs. Smith is a slender, youngish woman of pleasant manner. She and her husband travel much together and, with their quick sense of humor, receive much pleasure from their experiences.

Governor Smith moved through the Science Building with a quick appreciation of its modern appointments. At the Museum, however, he walked slowly, reading the captions on exhibits and asking many questions. He left reluctantly when the assembly period bell was sounded.

Seated on the assembly stage were department heads, administrative officers, visitors, and Canyon civic leaders, including Tom Black, president of the Chamber of Commerce, Mayor W. A. Warren, C. R. Burrow, C. L. Thompson, and Clyde W. Warwick. M. O. Carder, Amarillo architect, and John E. Hill, long-time member of the Board of Regents, were present. Students were represented by President Andy Anderson and Norman Trimble, president of the Senior Class.

## Prominent "Ex" Meets a Pair of Presidents

LIEUT. GOVERNOR JOHN LEE SMITH was introduced (above) to Student President J. W. Anderson by President J. A. Hill when the visitor was here for an assembly address Thursday. Governor Smith was a student here in 1914.

## All Asked to Guard Social Security Cards

"Every time an American worker loses, destroys, or mutilates his social security account card, he is wasting as much money as it costs to provide 13 bullets to an American soldier," Dewey Reed, Manager of the Amarillo Social Security Board field office said today. He asked that holders of social security cards safeguard them as a wartime conservation measure.

Nearly 2,000,000 duplicate account cards were issued by the Social Security Board in the last 12 months. They were issued to persons who had lost or destroyed the ones originally given them.

"The money spent for printing, processing, and mailing the 2,000,000 duplicate account cards could have purchased more than 500 jeeps for the Army, or 25,000,000 rounds of ammunition," Dewey Reed said, to illustrate the wastefulness of failure to safeguard the original cards. "If taken care of properly," he added, "the social security cards will last a lifetime," and gave the following tips:

"Don't carry your card with you unless you must. Put it in a drawer, safe, or other place where you keep valuable documents. Know where the card is. Before putting it away, place it in an envelope and mark it: 'My social security card.' Then you will be able to find it in a hurry, if necessary.

"If you change jobs frequently, and need to carry your card with you, don't just stuff it in a pocket. Try to protect it against loss, wear, or mutilation. Never keep your card in your overall or shirt pockets. Many losses occur because the shirt or overalls—together with the card—are tossed into the laundry tub."

Mr. Reed also warned against using the card for identification purposes. He said the card is not only valueless for identifying persons, but such use results in wear and tear and shortens the life of the card.

Miss Nell Stevenson of Amarillo spent the week end with her parents, Mr. and Mrs. T. S. Stevenson.

Mrs. H. C. Roffey has returned from a visit with relatives in Illinois.

Joe: "Did you ever play football?"

Winston: "No, but at dear old Oxford we played rugby."

Joe: "How's that played?"

Winston: "Well, it consists chiefly of a lot of shin kicking."

Joe: "Well, in this country we call that bridge."

AND FARM FOR VICTORY!

The farmer who's going to come through—no matter how short we get on men and machines—is the farmer who prepares now by repairing all his farm equipment. That's what this "Pledged to Victory" sign means. We'll give it to you when you make your plans to put your machines in A-1 shape. Make a date with us now to have your service work done.

# Home Front

**RATION CALENDAR**

**Meat, fats, cheese—New program starts March 29 with red stamps in Book No. 2 to be used.**

**Sugar—Coupon No. 12 (5 lbs.) Valid March 16. Must last through end of May, or 11 weeks.**

**Coffee—Stamp No. 25 (1 lb.) expires March 21.**

**Tires—Class A. First inspection deadline March 31.**

**New Rationing**

Meats, edible fats and oils, including butter, cheese and canned fish are added by OPA to the list of rationed foods, with rationing to start Monday morning, March 29. Included in the new rationing program are all fresh, frozen, smoked, cured, dried and canned beef, veal, lamb and pork, and variety meats and sausage; all canned fish; butter, margarine, lard, shortening and cooking and salad oils; and cheeses.

**Replacement Rules Issued**

With a warning that it is up to the individual to take the best possible care of his ration books, OPA issued uniform regulations governing replacement of lost, stolen or mutilated War Ration Books One and Two. Anyone desiring to replace a ration book or coupon sheet must apply to his local ration board on Form No. R-194. Ten days after submitting his application, the book owner may report to the ration board, which will examine the facts and, if satisfied, may issue the replacement. Where ration books are lost or stolen, the board may require the applicant to report his case to the police.

**Point Values Cut**

Effective Saturday, March 13, point values on dried and dehydrated prunes and raisins, and of all edible dry beans, peas and lentils were reduced by OPA. Point value of prunes and raisins was lowered from 20 to 12 points per pound. Point value of edible dry beans, peas and lentils was reduced from eight to four points per pound. In addition, dates and figs not hermetically sealed were removed from the current list of rationed foods and the basis for computing point values for other dried fruits adjusted to place these fruits on the same basis as dried prunes and raisins.

**Violators Go to Jail**

"The prison terms of up to seven months in jail with accompanying fines ranging to $5,800 meted out to 13 individual violators of OPA price ceilings on beef at the wholesale level today is only the start of our broadened campaign to wipe out the black market in meat in this country," Price Administrator Prentiss M. Brown said on March 9 in commenting on the sentences and fines handed out by Federal Judge Goggard in United States District Court in New York City.

**Fresh Vegetables**

Regional OPA offices may adjust the maximum price of any seller of fresh lettuce, spinach, carrots, green peas, snap beans, tomatoes, and cabbage when the ceiling price is likely to disrupt normal distribution, the OPA has ruled. The Dallas regional office already has started a series of open hearings on the vegetable price situation.

**Seeds Not Rationed**

Peas, beans and lentils when labeled as such and bought exclusively for use as seed are exempt from the processed foods rationing program and do not require the surrender of either point stamps or ration certificates, according to OPA.

**Certificates to Farmers**

Farm families who have enlisted in the huge 1943 food production program will be awarded certificates of Farm Service, signed by Secretary of Agriculture Claude R. Wickard, in recognition of their war work. It will be presented by County USDA war boards as soon as possible after the completion of the 1943 Farm Mobilization drive.

**Stocking Prices Reduced**

Reductions of from 5 to 40 cents per pair for rayon stockings have been announced by the OPA. New prices, which will be put into effect by mid-April at all sales levels will represent price cuts averaging 15 per cent.

**Production of War Material**

January production of certain types of war material: 70,000 aircraft bombs of 1,000-pound size or larger, enough to bomb the enemy for 30 days at the rate of 2,300 bombs a day; approximately 5,000 airplanes, more than 65 per cent of them of combat type; equivalent for ground and air forces—3½ times the rate of January 1942; 58,000 carbines; 80,000 garand rifles; 27,000 .50 calibre aircraft machine guns; 7,000 20mm. aircraft cannon, and 68,000 sub-machine guns.

**Gas For School Bus**

If school authorities do not promptly return applications for revised Certificates of War Necessity, there may be insufficient gasoline for school bus operations in the second quarter of 1943, the Office of Defense Transportation warns. The minimum necessary mileage for each school bus will be determined on the basis of information contained in these applications.

## Giant Freshmen Beat All-Stars

### Eugene Keating Scores 20 Points; Box Brothers Also Tally Frequently

By PUTT POWELL

AMARILLO—West Texas State's Freshmen basketballers really turned on the power.

Coach Gus Miller's firstyear men scored almost at will trimming the City League All-Stars 71 to 33 Wednesday night in the Amarillo College gym.

The locals put up a game battle but weren't anywhere in the class with the Canyon cagers. The Freshmen, who have showed signs of brilliance all season, reached their peak. It was just one of those nights when an athletic team does anything right.

**Keating Is Hot**

Most of the fans started off being for the locals. But realized in a few minutes the Maroon and White visitors weren't to be denied. In fact, many cheered the winners on seeing just how large a score could be run up.

Eugene Keating, who was an All-City guard in high school on the Amon Carter-Riverside five of Fort Worth, dropped in a goal for two points in the opening seconds of play. From then on, Keating kept going. He was high point man with 20 points. But if he hadn't made a point, he would have been one of the game's stars. Keating was assigned to guard the City League's leading scorer, Wimpy Hill of the Canadian River Gas. Hill made only three field goals.

**Ellefson Looks Good**

Ray Ellefson, six-foot nine-inch center, looked like an All-American in the short time he played. He drew applause from the entire crowd when he would grab an all-Star shot just before going through the basket. Ellefson sank three out of four shots from the floor and hit everyone of his three foul shots to score nine points.

But everyone of the Freshmen starred. It was their night.

It is with regret when we realize that intercollegiate athletics are stopped at West Texas State College for the duration. There is little doubt in this observer's mind that this year's Freshman could surpass even the great 1942 team of All-American Price Brookfield, Jack Maddox, Charlie Halbert, Bill Stockman and Frank Stockman.

Mother: "Betty, John brought you home very late last night."

Betty: "Yes, it was late, Mother. Did the noise disturb you?"

Mother: "No, dear, it wasn't the noise. It was the silence."

Help Keep Canyon Clean!

## Meat Rationing

(Continued from page one)

of 80 points per person for April.

Another difference in the use of the red stamps is that it permits retailers to make "change" in ration stamps when a customer finds it impossible to give the exact amount of valid red stamps when making a purchase. Only one-point red stamps of any series currently valid may be used for this purpose.

As red stamps are declared valid, they may be used with complete freedom of choice by the housewife to buy any one, or any combination, of the foods for which they must be surrendered. There is no distinction made at all in the use of the red stamps as between meat and cheese, or any of the other foods for which these stamps will be spent.

Many farmers,—even those who operate on a very small scale,—produce some of the foods included in the new ration program for the use of their families, Mr. Wooten pointed out. Although the new plan places no official restrictions on the use of any of these foods at the farmer's own table, the Government is requesting that farm families retain red stamps in their family ration books in an amount equal in point value to the foods produced and eaten at home.

A farmer who slaughters a pig he raised for the use of his family, for example, is asked to set aside point stamps equal in point value to the number of points he would have to surrender if he bought the equivalent amount of pork and pork products at the store. Similarly, if he makes butter for the use of his family, he is requested to keep in his book, and not otherwise use, the number of red stamps he would need to buy the same amount of butter.

**A SPIRITUAL INVITATION**

It is believed that there are people living in Canyon, who are members of some church, not having a congregation with which to affiliate or worship, do not attend church at all.

To any who may be thus unfortunately situated, and to all others not attending Sunday School and Church, whether Christians or not, the Good-Will Class of Christian Church most cordially invites you to unite with it in a friendly, helpful and unbiased study of the Bible.

Come, study and worship with us. Class meets at 9:45 o'clock a. m. each Sunday morning.

I. W. Scott, Sponsor.
W. L. Johnson, Teacher.

Miss Bonnie Dickinson of Olton, visited with her mother, Mrs. J. E. Dickinson over the week end.

Pvt. David Sharman is home on furlough. He is stationed at Kessler Field, Miss.

Mrs. J. P. Milner of Vernon, visited over the week end with her niece, Mrs. Isabelle Dickinson.

Mr. and Mrs. John Demon of Lubbock, visited Mr. and Mrs. Alfred Bellah over the week end.

H. C. Roffey has returned from Hot Springs, N. M., where he has been spending six weeks.

How To Make "Point" Shopping Easier, Quicker and More Simple!

IF you want to avoid waiting in line . . . IF you want a wider choice of point rationed foods . . . IF you want Point Rationing to work right for you follow these

8 GOLDEN RULES OF FOOD RATIONING!

1. SHOP EARLY IN THE WEEK!

"Point" shopping naturally takes longer because you must give your grocer "points" for the rationed food you buy as well as money. So be "an early bird" by shopping early in the week. You'll avoid crowds, get more help in buying from your grocer, get a wider choice of point-rationed foods, and the best "point" buys.

2. BUY ONCE A WEEK!

Before Point Rationing went into effect, you may have had to shop many times a week in order to get enough food for your family. But not anymore. Point Rationing sees to it that you can get your fair share when you want it. That's why there's no need now for shopping more than once a week. You'll save yourself time . . . save tires, gasoline and money, too.

3. DON'T USE MORE THAN YOUR WEEKLY "POINT" ALLOWANCE!

You and your family have a certain number of "point" stamps for each ration period. Total them up; then divide them equally by the number of weeks in the ration period. You may use your "points" any way you like, but, remember, when they are used up, you won't be able to buy any more rationed foods until the next stamps are good.

4. PREPARE YOUR "POINT" SHOPPING LIST BEFORE YOU SHOP!

Be sure to include all "point" rationed items you plan to buy. Put down the "point" value beside each rationed food on your list. Total the "points" on your list; then compare it with your family's "point" budget for the week. If you find you have gone over your budget, switch to more non-rationed foods, or substitute some low-point items for some of the high-point ones.

5. USE 8 AND 5 "POINT" STAMPS WHEN YOU CAN, INSTEAD OF 2 AND 1 "POINT" STAMPS!

When you buy foods that take a lot of "points" or several different rationed items at one time, use the least number of stamps possible to make up the amount. Use high-point stamps first; save low-point stamps for low-point purchases you may want to make later in the month. For example: on a 16-point purchase, use two 8-point stamps—not three 5's and a 1.

6. REMEMBER—YOUR GROCER CAN'T GIVE YOU "CHANGE" IN STAMPS!

Stamps A, B, and C are good from March 1st 'til April 1st. They total up to 48 points. By different combinations, you can get any total of "points" from 1 to 48. This means you will be able to give your grocer the exact amount of "points" for any rationed item. By using all of your family's ration books together, you will find it easier to make up the right combinations of "points" . . . and you will not run out of stamps before the next ration period.

7. BUY FOODS THAT AREN'T RATIONED WHENEVER POSSIBLE!

To make sure you don't run out of "points," buy as many fresh fruits and vegetables as you can. Also, use other non-rationed foods, such as cereals, as much as possible. Try many of the interesting new war-time recipes now available. You can make your own soups, stewed fruits, etc. Above all, don't reduce the nourishment in your family's meals. Remember, we must have a strong, healthy "home front" to back up our men on the fighting fronts.

8. DON'T BLAME YOUR GROCER FOR WARTIME INCONVENIENCES!

Perhaps you can't get many of the things you'd like to have. Maybe it takes you a lot longer to shop. Don't blame your grocer. He's doing the best job he can. Trying to serve you as quickly as possible; helping you give your family the most delicious, nourishing meals possible during war-time. So do your part, too . . . help your country win the war quicker.

# Miss Sullivan Directs Campaign

## Volunteers Name First Project

### High School Corps Begins Victory Book Collection

By advice of a committee committee composed of Tommy Thompson, Sue Ann Moreman, Ellen Sanders, Don Standley and J. Spencer Winn, the Canyon High School Victory Corps, sponsored by Miss Rhita Jean Sullivan, will start a Victory Book Campaign, Saturday, March 20, lasting through Tuesday, March 23.

Victory Corps members living in Canyon have volunteered to cover the city, while those living in the country will gather books in their communities.

**Books Must Be Recent**

"Unless they are classics, these books must have been printed fairly recently," said Mayor W. A. Warren.

Most of the book collecting in Canyon will be done on Saturday and Sunday with transportation furnished by Miss Sullivan, and books from the country should be delivered to Canyon High School Monday.

A record of the names, addresses, and number of books contributed by the persons solicited will be kept by each member.

**Citizens Give Approval**

Mayor Warren, T. V. Reeves, chairman of the Randall County Chapter of Red Cross, Clyde Warwick, publisher of The Canyon News, and Mrs. S. D. Bruton, Randall County librarian, have been consulted about the project and have given their approval.

"Since no other such project that we know of has been started in Canyon, we have decided to collect and turn these books over to the Red Cross as our first Victory Corps project," said Miss Sullivan.

CONSIDER THE HAMMER

Pause a minute and consider the hammer!

IT——

1. Keeps its head.
2. Doesn't fly off the handle.
3. Keeps pounding away.
4. Finds the point, then drives it home.
5. Looks at the other side, often clinching the matter.
6. Makes mistakes, but when it does, starts all over.
7. Is the only knocker in the world that does any good.

In math when we can't get a problem, in English when commas are not evidently very useful, in science laboratories when the generator won't work, and other similar situations in which we are inclined to "blow off excess steam," we should stop and consider the hammer. Even though some people detect no resemblance between this inanimate object and human objects, all of us, especially in this crisis, can take a lesson from the hammer.

"I say, waiter, is this peach or apple pie?"

"Can't you tell by the taste?"

"No."

"Then what difference does it make?"

## Steps

### Susie's Steps Stump Student's Stamina

Students sometimes complain about the amount of walking they do during the day, but it is doubtful if any one of them has ever taken time to count his steps. So, in behalf of all weary pupils, let us estimate the number of stair steps climbed by Susie Jones, sophomore in Canyon High School.

Susie arrives at school at approximately 9:30 o'clock. She goes up the 23 front steps and then down 23 to the girls' locker room.

Susie's first class period is spent in the library, so to the third floor she runs, going up a total of 46 steps.

**Susie Races to Algebra**

When the library period is ended, Susie goes again to the locker room, grabs her book, and races up 23 steps to algebra class. This brings her total of steps taken to 138.

History claims her attention next; but, as it is on the same floor as the algebra room, she has no stairs to climb. Susie is no perfect student; consequently, when the teacher asks for workbooks, she suddenly remembers that hers is in her locker and receives permission to get it.

Down the 23 steps and up again she goes. This boosts her total to 194.

When the noon bell rings, Susie again hurries down the 23 steps to the locker room and the two on the way out the side door.

**Trips Boost Total**

So it goes all through the afternoon—up through the side door, up 46 to the library, down 46 to Homemaking II, up 46 more to the science room, down 46 to the locker room as the 5 o'clock bell rings, up 23 to Mrs. Tabor's office to inquire about a lost fountain pen, and down the 23 that lead out the front door.

Now let us leave Susie Jones, sophomore, after finding her grand total of walking steps to be 395. Is it any wonder that she has to use her number 17 sugar stamp for a pair of walking shoes?

## Basketball Intramural Finals Decide Classes' Honors Tomorrow Night

Tomorrow night, amid cheers and moans, the intramurals of 1943 will come to an end. This game is being sponsored by the press club and trophies will be given to the winning team and the all-tournament team.

Starting the tournament towards a dynamic finish, the eighth grade squelched the seventh with a score of 17-8, Monday. This battle was followed by a similar one on Tuesday when the sophomores played the freshmen.

Yesterday in a gruelling fight to the finish, the juniors fought the seniors.

To make everything fair, the three winners then flipped a coin to decide which class would play next. A similar procedure was followed by the losers. Semi-finals are to be played today.

Coaches for the various teams are: Seniors, Max Bosley; Juniors, Bobbie Dowd; Sophomores, "Eddie" Standley; Freshmen, Leslie Gordon; Eighth, "Chic" Wirt; Seventh, J. Spencer Winn.

Referee for the tournament is George Black, senior letterman.

## Students Prepare Twilight Recital

Featuring both vocal and piano selections, Miss Mary Roberts' private students will give a twilight musical Sunday afternoon at 4 o'clock in her grade school studio.

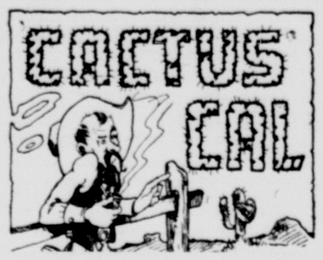
Those who will participate are Faye Kinney, Betty Jane Morris, Harrell Hill Slack, Teddie Katherine Howell, Albert Craig, Betty Ross Craig, Joan Ballard, Velta Speer, Frances Gooch.

Mary Sue Foster, Dorothy McReynolds, Jerry Ann Foster, Donna Marie Erwin, Betty Jean Schuette, Jerry Ann Foster, Dorothy Dee Wilde, and Frances Standley.

Richard Sanders, Frances Alice Harp, Geneva McDougal, Betty Jo Ponder, Max Bellah, Ellen Sanders, Helen Studer, Sue Ann Moreman, and Dick Woods.

## Chorus Will Sing Sacred Anthem

In the morning service at the Presbyterian Church Sunday, the Canyon High School Chorus, under the direction of Miss Mary Roberts, will sing Felix Mendelssohn's arrangement of "Oh Rest in the Lord." Anita Davis will play the organ accompaniment.



Greetings! I'm a new creation named Wooch the pooch. I snoop and sniff 'til I get a whiff of news among you friends. Then to Cactus Cal I run and report—some good, some corny—fun.

I didn't have to be a blood hound to find the chemistry lab Monday. Mary Ann Bellah, Aubrey Smith, and the rest of the sophomores will agree with me. It seems that George Black and Bob Copeland were "cooking with gas."

Special note: Even though I intend to follow a "scent to the stew," I'm really not a blood hound, not even a cousin to a blood hound. To be truthful, I don't even have any blood! You see, I am very, very imaginary.

New Version:

Spring has come, the kids are lean.
Could it be from rationing?
(Canine Intuition).

Evidence of Spring: (1) I dug 15 minutes to find the cement on the Canyon High steps Monday. (2) Marble games are springing up. For example, I saw Harold J. Prichard leaning over his horse watching an important "shoot 'em in the dust and find 'em if you can" game.

New sentence structure: Peggy Harding placing a comma, "He gave up his job and then his wife, lost hers."

With a flip of the tail, I'll be back next week—please keep in mind that I'm a dog with lots of bark but no bite.

**Guess Who**

A senior boy with curly blond hair
Has his feet on the ground and his mind in the air.
He never tires the live-long day
Of drawing bombers of the U. S. A.

In chemistry lab, he's outstandingly able
Thank goodness, say those, who work at his table.
Although this fellow is rather shy,
We'll all agree he's one swell guy.

Answer to last week's Guess Who was Evelyn McClendon.

Bobby: "Daddy, that carpenter who's building the back steps must be an awful good man."

Daddy: "What makes you think so?"

Bobby: "He hammered his thumb, and then talked to God for five minutes."

# Flexoid Tire Preservative

An entirely new and exclusive development by one of the most modern chemical research laboratories.

Formulated from synthetic rubberized type resin, it will not loose its flexibility or peel or crack.

Keep the tires you have the best you can.

Use Flexoid to preserve them.

THOMPSON'S HARDWARE

## United States Army and Navy Departments Designate High Schools as Examination Centers for Programs

Canyon High School has been selected as a center to administer qualifying tests for the Navy College Training Program and the Army Specialized Program on April 2 between the hours of 9 and 11 o'clock, according to H. T. Manuel, regional director from the University of Texas. These programs are designed to produce naval and army officers from high school seniors, high school graduates, and college students who appear to have potentialities for ultimate selection, and to classify all others in respect to their relative trainability.

**Persons Must Apply Now**

College education is to be carried on while boys are on active duty, in uniform, receiving pay, and under general military discipline. As any eligible person not taking the test at the designated time will have no other opportunity to qualify within the next six months, it is obvious that all persons wishing to accept this advantage should apply at once.

Qualifications for the Navy College Training Program, V-12 are:

1. Be a high school and preparatory school graduate who will have attained the 17th but not the 20th birthday, regardless of whether he be now attending college.

**Students Must Qualify**

2. Or be a high school and preparatory school senior who will be graduated by July 1, 1943, provided he will have attained his 17th but not 20th birthday.

3. Or be a student who has attained the age but who does not hold a certificate of graduation from a secondary school. He must however, be continuing his education in an accredited college or university.

Furthermore, to be eligible for selection, each applicant must:

1. Be a male citizen of the United States.

2. Be morally and physically qualified for this program, including a minimum uncorrected visual acuity of 18-20 for each eye.

**Appearance and Scholarship Count**

3. Be unmarried, and agree to remain unmarried until commissioned, unless sooner released.

4. Evidence potential officer qualifications, including appearance and scholarship records.

For admission into the Army division one must have the above qualifications except be between the ages of 17 and 22 and not a member of any branch of the armed service.

Lady: "I want to see some kid gloves for my eight-year-old daughter, please."

Clerk: "Yes, madam, white kid?"

Lady: "Sir!"

## *Teachers Monopolize Eleventh Letter 'K'*

My, what a neglected letter! That 11th letter, especially in the last names of Canyon High School's faculty is certainly neglected! But not this year, because three of our teachers have last names with that letter—Kleinschmidt, Knott, and Kirkland.

Let's have a brief look at these teachers.

Mrs. J. W. Kleinschmidt, librarian, is 5 feet, 8½ inches tall, has brown hair, blue eyes, and has come to school about one hundred fifty days this school year since she hasn't been absent a day.

For Mrs. A. K. Knott, substitute math teacher, we almost have to accuse her of trying to monopolize that 11th letter since her husband's middle initial is 'K'. But anyway, Mrs. Knott is 5 feet, 5¼ inches tall, has black hair, brown eyes, and has been with us 26 days.

But for our newest substitute teacher in science, Mrs. K. L. Kirkland, we have to accuse her of hoarding since her husband's first initial is 'K', and she has two 'K's in her last name. Even though we have been forced to pronounce this accusation, Mrs. Kirkland is 5 feet, 10½ inches tall, has brown hair and eyes, and has been with us 9 days.

Maybe these three teachers make up for the past years without 'K's'!

## Teacher Improves Following Illness

Miss Grace Clark, math teacher, is doing nicely after a serious operation she underwent about a week ago.

Miss Clark, who is in Northwest Texas Hospital in Amarillo, has been an instructor at Canyon High School 14 years teaching general math, algebra I and II, and plane geometry. Until last year, Miss Clark was absent very little.

## Projects Occupy Girls' Classes

Variety in the nature of their projects is adding interest to the five homemaking classes of Canyon High School. Four of these classes are constructing garments, and one is planning and cooking meals.

Half the girls in Homemaking III class are making slacks, while the others are assembling special occasion dresses of sheer materials.

Three Homemaking II classes are making general wear garments from such materials as butcher's linen and rayon. Their special problems are collars, plackets, buttonholes, and facings.

This week Homemaking I students are beginning to prepare complete meals and are serving some of these in the dining room.

## Group Emphasizes Safety Program

Having a general theme, "For the Good of All," Sergeant C. G. Conner of the highway patrol stressed the necessity for educated drivers Monday afternoon as he spoke to the grade school P. T. A. To further this safety topic members of Mrs. L. M. Cousins' fourth grade dramatized the skit, "Safety Birthday" in which they pictured young children obeying traffic rules.

As an added feature on the program, girls in the second double trio—Frances Gooch, Mary Ann Bellah, Ellen Sanders, Billie Jo Wallen, Sue Ann Moreman, and Frances Alice Harp—sang "Glow-Worm" and "Out of the Dusk to You."

In the business session, Mrs. Harris M. Cook lead a discussion on the spring district conference to be held in Amarillo April 9. Since Mrs. A. L. Walsh's fifth grade and Mrs. Cousins' fourth grade tied for the two dollar membership prize, the parent-teachers decided to give each a two dollar award.

Refreshments of cookies and coffee were served after the meeting.

## *Save Your Screams 'Cause 'Tain't Mice*

Squeak, clop, clatter! Does the school building have mice?

No, not mice! It's just a new fad—but one which has come to stay, at least for this semester. Many students, both boys and girls, have purchased huaraches, a Mexican sandal made of pig leather, and are wearing them to school.

These shoes are attractive—but please excuse the squeaks.

## Classes Transact School Business

Six Canyon High classes held meetings Friday morning, three of them transacting business important to their groups.

Methods of encouraging their class to buy more stamps and bonds, as well as a design for a patriotic flash for the class were discussed by sophomores. This group also heard a vocal selection, "I'm Getting Tired So I Can Sleep," by Betty Brown.

Fashioning their class flag, the freshmen decided upon a gold fish and the figure, "46," on a navy blue background.

Monsieur: "Tonight I will seal beneath your balcony and whisper a sweet serenade."

Madame: "Do, and I will drop you a flower."

Monsieur: "Ah, in a moment of mad love?"

Madame: "No. In a pot."

Joe: "With whom was your wife quarreling last night?"

Moe: "Why she was scolding the dog."

Joe: "Poor beast! I heard her threaten to take the front door key away from him."

Help Keep Canyon Clean!

## Honor Award Is Project Aim

### Weekly Sales Facilitate Victory Stamp Drive

**Canyon High has taken another step in helping to win the war. An "all out" campaign has begun as plans develop for the purchase of enough War Stamps and Bonds to pay for a $900 jeep. April 19 is the deadline for these sales.**

When the goal is reached, a certificate similar to the Distinguished Service Certificate will be awarded to the school, but will feature a picture of a jeep and the following words:

"For service to the War Savings Program, through the successful completion of a Schools at War Jeep Campaign, this citation is awarded to Canyon High School."

This school, with others of the nation, is striving to help reach the total set by the Treasury department of 10,000 jeeps by April 19.

Supt. J. B. Speer has promised that if Canyon High reaches its goal, he will ask the Amarillo Army Air Field advisors to send a jeep to Canyon for the students to see.

## Third Grade Gives Teacher Shower

For their teacher, Mrs. Houston P. Doughty, the third grade students gave a food shower recently and brought refreshments for a sprprise party.

Games, jokes, and riddles furnished their entertainment.

# W. T. Welcomes Naval Cadets

**Ten More Men Are Received—Will Stay For Eight Weeks**

Ten more Naval Cadets have arrived on the campus. Those who came last week are Charles Steen, William Haynes, Fred Kurth, Sam Edwards, Alva McDonald, LeRoy Stewart, Roderick O'Conner, Jr., Wyvel Williams, Jr., Lee Goodman, and Gerald Wright. They will be here for eight weeks of training.

In the group which arrived earlier are John Max Hamilton, Mt. Pleasant; James Robnett, Sherman; Max H. Marricott, Guthrie; Ernest Scott, Jr., Dallas; Boyd Burris, Jr., Dallas; Cranston Dodd, Dallas; John P. Strength, Jr., Marshall; Johnnie Bryan, Jr., Marshall; James Rus Freeman, Ft. Worth; and Jack Lee Highee, Bartlesville, Oklahoma. These men will be on the campus for four more weeks of training.

# SPRING is not here

**But it is time to look forward to getting out your Spring Clothes before the warm weather does come. Bring them in now for cleaning, pressing and repairs.**

**CANYON TAILORING CO.**

## Rusk Quizzes

Callers in the Ralph Ruthardt home Friday evening were Mr. and Mrs. O. A. Smith, Mr. and Mrs. Clem Dugan and Annelle.

Mrs. Pauline Wendelken and Wilbert visited in the Clem Dugan home Thursday evening.

The Smith family and Billy Dugan called in the Jones home Sunday.

Callers in the Clem Dugan home Sunday were Mr. and Mrs. J. P. Walker, Mrs. Hughey and Mrs. Sullivan.

## Jowell Items

Mrs. T. J. Bonds and son, Kenneth, spent the last part of the week visiting her parents in Lockney.

Visitors in the E. C. Robinson home Saturday were Mr. and Mrs. Ira Scott and children, Mr. and Mrs. John Robinson and baby and Misses Martha Jean and Juanita Avent.

Pete Leavitt is on furlough visiting his folks for a few days.

Preaching was held at the Jowell School Sunday by Rev. Stewart.

New pupils riding our bus are Geraldine, Ronald and Louise McCutchen. The McCutchen family have recently moved to the McCaslin place from Silverton.

Mary Jane, Ella Jean, Jerl and David McDuff, Mary Katherine Taylor are other new comers in the Jowell District. They moved from Ft. Sumner, N. M.

Sue Jane Ferguson visited Phyllis Jean Hurst over the week end.

Mr. and Mrs. G. J. Bonds and family were dinner guests of Mr. and Mrs. W. F. Bonds Sunday.

Eugene Bonds visited Mr. and Mrs. Henry Tidenburg Sunday.

Dinner guests in the L. A. Dietz home Sunday were Mr. and Mrs. Oscar Gerken and family, Mr. and Mrs. Ben Beucker and family, Mrs. Bul Gerken and Margie Raybe Funk.

Mrs. W. H. Stubblefield and family of Happy visited in the T. W. Cope home Sunday.

# Garden Leaves

**By MRS. J. A. HILL**
**President, Canyon Garden Club**

Are your flower beds and garden plots all ploughed or spaded and fertilized ready for planting soon? Some have already planted onions and peas, and a few other seeds; others are waiting for a few weeks. We will compare notes later and see who has the better results. Perhaps the wild fowl flying north a few days ago meant that winter is about over.

All trees and shrubs need a good watering now. Be sure to water in a circle extending from the trunks to the tips of the fartherest branches. The feeder roots of most trees are wide spread, therefore a small depression immediately around the trunk filled with water does not do much good.

We are urged to have both chickens and gardens, but the two do not mix well. The former are fine to have in grasshopper time, but they play havoc with the seeds just planted or sprouting. This is a time for active and positive cooperation, so let's have a neighborly spirit and keep our chickens off of other people's premises.

The following garden suggestions are given in Holland's Magazine:

1. Choose vegetables which the family likes best.
2. Select varieties that are adapted to your locality.
3. Plant both early and late varieties so as to have a succession.
4. Plant carefully according to the demands of each.

I would add, give the vegetables plenty of water, watch for cutworms and other insect pests and keep the chickens shooed away.

Will those who have vacant lots to devote for Victory Garden use and those who would like a piece of land to cultivate please notify Mrs. C. A. Murray. In this way you both can get together.

## Highland News

Mrs. R. J. Sharp visited Mrs. Carl Fuqua Sunday afternoon.

Mr. and Mrs. Geo. Mason shopped and visited in Amarillo last Friday.

Mrs. Ruby Boling and children, and Mrs. E. A. Atkins had Sunday dinner at the Ed Sharp home.

Mart Ewers is back at O. J. Brown's after spending the past few weeks in Canyon taking medical treatment.

Lindsey Campbell of Bushland, who was seriously injured in a car accident about a month ago has been proving considerably recently and hopes to leave the hospital in a few weeks.

Mrs. Wilbur Critsinger, formerly of this vicinity, underwent an operation and is at the Dr. Vick & Cradit hospital in Amarillo.

Mrs. M. O. Meeks, formerly of this vicinity also is in an Amarillo hospital after an operation.

Mr. and Mrs. Carl Fuqua visited at the E. C. Paxton home Friday evening.

Mr. and Mrs. E. C. Paxton called at the Austin home Wednesday.

The Wildorado basketball team played the boys of the Maverick Club last Friday night. The score was 43 to 38 in favor of the Maverick Club.

Mrs. Dee McDade was in Northwest hospital last week for treatment.

Mrs. Ruby Boling went to Canyon last Friday.

The Highland H. D. Club meets with Mrs. Elmer Mason on Tuesday of this week.

# The Legislative Grapevine

**By GRADY HAZLEWOOD**
**Senator 31st District**

Perhaps the hardest working new member of the House of Representatives is the well known showman, Harley Sadler. Harley lives in Sweetwater and he is getting a great kick out of the Legislature. Incidentally, he is stealing the show in so far as West Texas is concerned by being the author of the House Re-Districting Bill. This bill would give West Texas seven and Southwest Texas six new representatives for a total of thirteen new members from these areas. These new members would have similar interests and should ordinarily vote together.

The original bill would have given Potter county one representative exclusively and would also have placed the county in a flotorial district with the result that ordinarily Potter county would have had two representatives. Harley is amending his bill which will change this situation as to Potter county, and will place Carson and Armstrong counties in Representative Favor's district along with the counties of Gray and Wheeler.

Donley and Collingsworth counties will be cut off from Favor's present district and placed with Hall, Childress and Motley counties for a new district. Representative Richard Craig will lose Dallam and Hartley counties which will be placed in a new district with Deaf Smith, Parmer, Castro, Randall, and Oldham.

The Constitution commands the Legislature to re-district but the trouble is East Texas vs. West Texas. However, at the last session of the Legislature the House Bill passed the House and there is a strong possibility that this is the year for the House Re-Districting Bill to become effective.

## Pleasantview

Mr. and Mrs. T. M. Moore and Mrs. A. B. Haynes visited Mrs. Moore's mother at Plainview last Thursday.

Mr. and Mrs. Charlie Davenport, Ferrell and Ola Catherine, visited at Clarendon last week. They returned home Saturday.

Miss Opal Wall spent Friday night with Fawn Rogers.

Johnny Frame and Billy Jo Wallen spent Friday night with Margaret, Charlene and Verna Davenport.

Mrs. Earl Burtz spent Saturday with Mrs. Jim Bible, who has been sick for the past few weeks.

Wayne Prichard visited Sunday with Easton and Neil Wall.

The Senate Sub-committee appointed on the Old Age Pension Bill is working laboriously and the grapevine is that the Department of Public Welfare has been taking a real "panning."

Mrs. T. A. Black is visiting with her mother at Pauls' Valley, Okla.

## Trinity Lutheran Church

**Amarillo—12th & Taylor**
**Martin J. H. Hartenberger, pastor**

In the 11 o'clock service on Sunday morning the Lord's Supper will be celebrated. The pastor will speak on the topic: "Friend, Wherefore Art Thou Come," using Matthew 26, 50 as text.

Sunday-school and adult Bible class convene at 10 a. m. The lesson: "Jesus In Gethsemane."

The international Lutheran Hour can be heard each Sunday over KFDA at 3 o'clock.

On Wednesday evening at 8, a divine service will be held in which the pastor will speak on the third in a series of topics entitled: "Religious Leaders Beneath the Cross of Jesus."

## News In Canyon 25 Years Ago

**(Taken from the files of the Randall County News of March 14, 1918)**

According to a cablegram, Will Black and Guy Ballard have landed in France.

C. O. Keiser writes from California that he saw a man jump from an airplane with a knapsack strapped on his back. The thing opened into a balloon and the man came down safely. He was trying to sell his invention to the government to be used by pilots. (This was the forerunner of parachutes being used today).

J. A. Guthrie has started the foundation on a new tile and stucco house on West Houston St.

## Fairview Breezes

Mrs. J. W. Wesley returned home Saturday after spending a week at E. E. Wesley's in Pleasant Valley caring for Mrs. E. E. Wesley.

Vesta Amerson and Tommye Woods visited in the F. O. Amerson home Sunday

Mr. and Mrs. Dell Zachry and Barbara attended a birthday dinner Sunday honoring Mrs. E. N. Zachry.

Mrs. Sharpes is recovering nicely from an eye operation.

Evelyn and Fayerene Schaeffer visited Sunday in the S. A. Evans home.

Lavinia Amerson visited in the F. O. Amerson home Sunday.

Next Sunday at 2:30 the Randall County Sing Song band will meet at Fairview.

Leona and Geraldine Sharpes visited Saturday night and Sunday with their parents, Mr. and Mrs. S. F. Sharpes.

Mrs. Fred Magness and Mrs. L. H. Barnard went to a nursery and bought the trees the club ordered.

The Centerview Club will meet Friday afternoon in the home of Mrs. Harney Rogers.

Next Sunday is Rev. Lloyd Garrison's regular day with us.

Mr. and Mrs. J. W. Wesley and Mrs. Hollis Shipman and children enjoyed dinner in the S. F. Sharpes home Sunday.

# FARMERS ATTENTION PLEASE

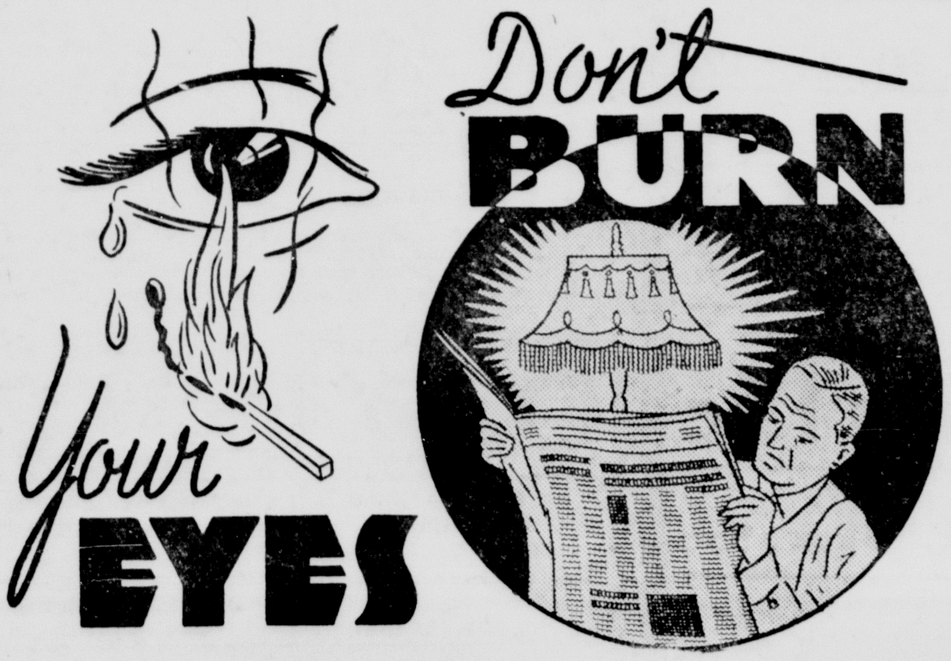
# Dress Up

**Every Room in Your Home With Wallpaper**

**You'll be surprised to find out how vastly improved the appearance of your room will be when you choose handsome wallpaper. Our selection is large and embraces hundreds of colors, patterns and designs. It's inexpensive and we can paper your walls for you very cheaply, too.**

## BURROW LUMBER CO.

**Phone 28**
**Yards at Happy, Dalhart, Canyon**



***Are you a SABOTEUR to your own eyes?***

The willful neglect of precious eyesight these days is akin to sabotage of the war program. Every pair of eyes must be keen. Every pair of eyes is being called upon to do extra duty. That's why you should make certain that they are properly cared for.

Don't injure your eyesight by reading or working under inadequate light. Be sure to have lamp bulbs of sufficient intensity, and properly shaded. Keep lamp bulbs and shades clean so that they will provide maximum light. You need strong eyes as you've never needed them before.

# Colds!

## Lots of Colds

**This changeable weather brings lots of colds.**

**See your doctor at once when you feel a cold coming on — and then bring your prescription to—**

## JARRETT DRUG CO.

**Phone 174**

# Buy 1943 License Tags NOW

## They Must be On Your Car By April 1st . . . So Buy EARLY and Aviod the Rush

**For the convenience of car owners — to remind you of some old regulations and to call attention to some NEW ones, we list the following points to remember in buying your 1943 license.**

### 1. Bring Certificate of Title

The law provides that you MUST have a certificate of title before being issued a liscense. So if there is any doubt about your car papers come in early; we will be glad to check them for you.

### 2. Be Ready to Pay Cash

This is not a matter of our choice; state laws strictly prohibit our accepting checks for license payment — We don't want to embarrass you, but we must comply with the law.

### 3. Sorry, we can't issue special numbers

New rules prohibit the issuing of special numbers; again this is no ruling of our particular office, but we just won't be able to issue special numbers this year.

## SOUTH AMARILLO OFFICE

Randall county maintains an office in South Amarillo at 3308 Tyler Street, in charge of Capt. R. M. Allred. Residents of this section of the county are urged to buy their 1943 Auto License at this office.
